

Focus On Customer's Ultimate Satisfaction

Automated Supply Vending

Your CBN automated distribution system will deliver a remarkable new efficiency and proven savings. Typical items used in our vending machines include cutting tools and abrasives, Personal Protective Equipment, welding supplies, maintenance supplies, lubricants, etc. Our partnership allows for 24-hour access to all vital equipment with complete security and culpability. The proprietary software system captures data instantly so you can accurately monitor product availability and accountability.

COMPLETE, AUTOPILOT INVENTORY CONTROL WITHOUT THEFT, WASTE, LOSS OR CHAOS.

Key Bullet Points:

- Delivers the power of automated distribution by reducing supply cost, controlled product usage and state of the art technology
- Simple PIN or Card Swipe Login
- Accessed via Wi-Fi or Verizon Network
- 365 Day Software Support

Introducing Tom Campbell as CBN's Midwest Sales Representative

Please join us in welcoming Tom to the CBN team. Tom joins the CBN team with numerous years of hardware/tool experience and superior knowledge in supply chain management. Tom will be covering the Midwest region with a principal focus on the state of Indiana.

Sincerely,

James J Castellino

President & CEO
